About us

Established in 1996 by a team of seasoned university professors and lecturers, Bagmati College stands as a distinguished academic institution dedicated to excellence in education. Located in Suredhara, Kathmandu, the college boasts a spacious 20-ropani campus with a separate international-standard sports complex. With nearly three decades of academic legacy, the college is fully equipped to run NEB +2 programs and the BBS program affiliated with Tribhuvan University. Our serene environment, modern infrastructure—including advanced computer labs, science labs, and a practical kitchen—ensures a balanced and enriching academic experience.

The BBS program at Bagmati College focuses on building a strong foundation in business knowledge, practical skills, entrepreneurship, and ethical values. We take pride in offering world-class faculty, a supportive learning environment, and personalized mentoring. Students benefit from regular seminars, startup incubation support, and job placement services. With over 16,000 graduates contributing to various sectors globally, Bagmati College offers not just a degree, but a pathway to leadership, innovation, and success in the business world.

Mission

To cultivate an exceptional academic environment that empowers students with holistic development, 21st-century skills, and readiness for an AI-driven world.

Vision

The vision of our college is to impart quality education to all sections of society. Bagmati believes that every child has the "right to education" with dignity and equal opportunity. Through our efforts, we shall endeavor to impart excellent lifelong experiences by providing an appropriate learning environment.
